

is not, these helpless people, burdened and spurned by their native land, are forced by the sovereign power of Roumania upon the charity of the United States. This government cannot be a tacit party to such an international wrong. It is constrained to protest against the treatment to which the Roumanians are subjected, not alone because it has an unimpeachable ground to remonstrate against that treatment, but in the name of humanity. The United States may not authoritatively assert the principles of the Treaty of Berlin, to which it was not and cannot become a signatory, but it does earnestly appeal to the principles contained therein, because they are the principles of international law and eternal justice, advocating the broad toleration which that solemn compact enjoins and standing ready to lend its moral support to the fulfillment thereof by its signatories. For the act of Roumania itself has effectively joined the United States to them as an interested party in this regard.

ANNEXATION OF CANADA.

CONDITIONS MAKING FOR IT. (BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Sept. 11.—(Exclusive Dispatch.) Frederick J. Haskin, an attaché of the Treasury Department, who has just returned from a trip through Canada, said today:

"The movement to annex Canada into Western Canada is sure to have important political consequences. The population of the Northwest Territory is already one-fourth American, and the needs of Americanism are planted rapidly. While in Winnipeg, I asked the manager of a great Canadian enterprise how he would feel toward annexation to the United States should that become a live issue. He declined to be quoted, but while doing so sketched a dollar mark on the blotter before him, and passed it toward me. Commercial interest is the influence which will eventually bring about union of English-speaking people on this continent."

AUBURY'S "DUMMIES."

DECEITFUL UNIFORMED. (BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, Sept. 11.—Commissioner Hermann of the General Land Office said he had been regarding the assets of the United States of public land of mineral character in California had been taken up by the "dummies" of eastern speculators. The use of "dummies" for this purpose, however, has been resorted to for years by speculators, and whenever this evasion of the law has been discovered and proven by investigation, the land patents held by them have been canceled.

Mr. Hermann said: "When parties attempt to obtain a title to mineral lands through the State and Timber Act, or of any settlement law of the United States, protests are immediately made by the Interior Department, with a view to contesting, and the facts then will be inquired into."

BONDS AS SECURITY.

SHAW ACCEPTS NO OTHER. (BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, Sept. 11.—When asked as to whether he had considered the question of accepting other than government bonds as security for public debts, Secretary Shaw today said that he had received a number of applications for authority to deposit other than government bonds for this purpose, and his uniform answer had been that such propositions could not be considered.

HALF CROP OF ORANGES.

Drought in Florida Has Caused Large Amount of Fruit to Fall.

(BY DIRECT WIRE TO THE TIMES.) JACKSONVILLE (Fla.) Sept. 11.—(Exclusive Dispatch.) The report that the Florida orange crop will be small this season, not over 600,000 boxes, has surprised many, but information and data secured by railroad agents and commission men serve to substantiate it.

The summer, until recently, was marked by lighter rainfall than has been recorded for twenty-five years before. Drought caused a large percentage of the fruit to fall, thus decreasing the crop from last year's output of 1,250,000 boxes to 600,000 or 700,000 this season. During the past ten days rain has been frequent. The effect is to throw a large amount of sap into the tops and this sudden filling out has caused the oranges to split and decay.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, Sept. 11.—(Exclusive Dispatch.) Society turned out en masse this noon for the wedding in the Church of Miss Berenice Landers and John Griffin Johnston of Los Angeles, grandson of the famous Gen. Albert Sydney Johnston. Rev. F. W. Clappert performed the ceremony. The church was gorgeously decorated with hawthorn and large pink roses, green and white and pink tiger lilies. Over fifteen hundred invitations had been issued.

As the organist played the wedding march from "Lohengrin," ushers and bridesmaids came from the vestry to meet the bride, who entered the church on the arm of her father, William J. Landers. The maid of honor and bridesmaids followed her, followed by the bride and her father up the aisle to the altar, where the groom and his best man, Walter Leeds, were waiting for them.

The bride looked lovely in a handsome Paris creation of panne crepe and Brussels and point lace. The lace was laid all over the skirt, which was made with a handsome train, long and finely tucked. More lace was laid in down the back, and the entire front of the waist was of rare point lace. The long, white veil of airy tulle which hung in folds over the beautiful gown and lay in billowy waves over this long train, was held in place on the bride's head with a few sprays of myrtle buds and foliage. She carried a bouquet of lilies of the valley. At her throat she wore a brooch of topaz, surrounded by diamonds, with pendants of pearls, the gift of the groom.

The ushers were Walter Landers, brother of the bride; Dr. Morton Gibbons, Silas Palmer, Sydney Pringle, Harry Van Dyke and Warren Carhart of Los Angeles.

Mrs. Hancock Johnston, mother of the groom, wore an extremely handsome gown of black chintilly lace over white-ribbed silk.

The groom's father is an invalid and was not here, but a younger brother, Hancock Johnston, Jr., was present; also his aunt and uncle, Mr. and Mrs. Pritchard.

Among the gifts to the bride is a Tiffany bracelet of twenty-dollar gold pieces, made from coin which represented the first pension money paid to Gen. Johnston after the Mexican War. It was a gift from the groom's mother, Mrs. Hancock Johnston. Mrs. Johnston also gave some handsome mahogany furniture that was used by famous generals of the Confederate army.

Mr. and Mrs. Johnston will travel for several months in the north. They will return to this city before going to their home in Los Angeles.

VICTORY SMILES ON REVOLUTIONISTS.

CASTRO IS APPARENTLY NEAR THE END OF HIS ROPE.

(BY THE ASSOCIATED PRESS—A.M.) WILLEMSTAD (Island of Curacao) Sept. 11.—(By South American Cable.) President Castro of Venezuela has retreated from Occumare before the advance of the revolutionists. The Venezuelan government's situation is critical.

Recent advices received from Venezuela confirm the dispatches of the Associated Press from Willemstad of Friday, September 10. The battle which, as then announced, began September 11 in the vicinity of Tiquiquito, between about 4000 revolutionists under the command of Mendoza, Batilla and Rivera and government forces of about the same strength, led by Gen. Mendez, Minister of War, Gen. Garrido, resulted in the defeat of the government forces, and not in a victory for the latter, as announced in a dispatch from Torres Cardenas, secretary to President Castro, which set forth that Gen. Mendez's army had been annihilated September 8 near Tiquiquito.

The engagement of that date, as called from here, September 12, was only an advance guard fight of no importance. The real battle began September 10, and lasted four days, after which Gen. Garrido retreated to Falcencia, and eventually entered that city on September 10 with about 1200 men, leaving the road clear for the further advance on Caracas for the revolutionary army.

The only other government force in the field is the one which is under the personal command of President Castro, which a few days ago was near Occumare. The President himself abandoned his position before the advance of the revolutionists, who occupied Occumare. The President retreated to Guayana, about four hours' march from Caracas. According to report, the President intends to move his army to a point near Valencia, join forces with the troops under Gen. Garrido, and attack the revolutionary army commanded by Mendoza.

From all points are reported desertions of government soldiers to the ranks of the revolutionists, and the general impression in Venezuela is that the last important incident of the revolution is approaching.

MORRISON LEADS ARIZONA REPUBLICANS.

NOMINATED FOR CONGRESS BY TWO VOTES OVER NICHOLS.

Adams of Maricopa Made Possible the Result—Happy Speech Made by Successful Candidate, After Being Made the Unanimous Choice of the Convention.

(BY DIRECT WIRE TO THE TIMES.)

PHOENIX (Ariz.) Sept. 17.—[Exclusive Dispatch.] The Arizona Republican Convention today elected W. F. Morrison as its delegate to Congress by a vote of 17 to 16 over J. H. Nichols.

Morrison was opposed for the nomination by W. F. Nichols, now territorial auditor. The fight, a friendly one between two candidates, developed into a contest between the northern and southern sections of the Territory.

The north won by a vote of 17 to 16. As the solid vote of Maricopa county was at first conceded to Nichols, he seemed a winner. Near the last, however, seven votes for Morrison were secured in that delegation of thirty-three.

The nomination was then made unanimous, and full harmony in the party was assured in the speeches that followed. Morrison's address was notably conciliatory in tone. He expressed confidence of election, but a belief that Statehood would have come before the time when he might take his seat in Congress.

The platform contains the usual references to the work and success of the party; deprecates the death of William McKinley; felicitates the country on the possession of a worthy successor to the Presidential chair; indorses the late and present territorial administration; favors Statehood; denounces loose incorporation laws; refers to Republican success in the endeavors to secure the irrigation of the arid lands; expresses sympathy for the well-being of the laborer; calls for the proper taxation of mines; and congratulates Mexico on the attainment of her ninety-second year of independence.

The gathering was notably enthusiastic, and the members warmly cheered all references to the national and territorial administrations. T. C. Job of Prescott presided. Among those called upon for addresses were Gov. Bradley, ex-Gov. Murphy and Chief Justice Kent.

PRESIDENT'S FRIENDS WIN IN ALABAMA.

INDORSED FOR RENOMINATION BY STATE CONVENTION.

(BY THE ASSOCIATED PRESS—A.M.)

BIRMINGHAM (Ala.) Sept. 17.—When the Republican State convention assembled today it was evident that there would be a fight on the plank of the platform indorsing President Roosevelt for re-nomination. This opposition is believed to have had its origin in the recent action of the President in removing William Vaughan, retiring Republican State chairman, from the office of District Attorney for Northern Alabama, for alleged neglect of duty. There was also a feeling of opposition to the clause in the platform condemning child labor in cotton mills.

As soon as Chairman Davidson called the convention to order, the platform and resolutions as reported by the committee were read, and when that part of it indorsing President Roosevelt for re-nomination in 1936 was reached, there were loud cries of "No, no."

The platform, as reported, reaffirms "the organization of labor for its legitimate protection," and the enactment of laws for the protection of the people, but is opposed to any drastic measures.

The platform then indorses the wisdom of the Dingley tariff law, and urges a continuance of that policy. The Republican legislation to build an interstate canal is approved, and the "bravery and heroism of our soldiers and sailors in the Philippines" are applauded and the attacks of the Democratic party on them are condemned. A high tribute is paid to the late President McKinley. The platform expresses confidence in the administration of President Roosevelt, and says:

"We express faith in his thoroughly American and patriotic ideas, and believe that his leadership established confidence both in the success of the Republican principles and the continued prosperity and progress of our country, and we therefore favor his re-nomination to the great office he fills with patriotism and ability."

After the reading of the platform, J. A. W. Smith of Birmingham offered a substitute, except that it omitted reference to an indorsement of the President for a re-nomination. The substitute was vigorously debated, and the convention was thrown into turmoil. Some of the speakers

upheld the substitute, declaring that it was too early to speak on the campaign of 1936, while others charged that an effort was being made to knife a Republican President. Finally, the roll was called and the substitute was defeated, 15 to 14.

The platform as originally reported was finally adopted, including the indorsement of the President for the nomination in 1936. The majority for adoption was large.

J. A. W. Smith of Birmingham was nominated for Governor.

PHOENIX (Ariz.) Sept. 17.—[Exclusive Dispatch.] The Arizona Republican Convention today elected W. F. Morrison as its delegate to Congress by a vote of 17 to 16 over J. H. Nichols.

Morrison was opposed for the nomination by W. F. Nichols, now territorial auditor. The fight, a friendly one between two candidates, developed into a contest between the northern and southern sections of the Territory.

The north won by a vote of 17 to 16. As the solid vote of Maricopa county was at first conceded to Nichols, he seemed a winner. Near the last, however, seven votes for Morrison were secured in that delegation of thirty-three.

The nomination was then made unanimous, and full harmony in the party was assured in the speeches that followed. Morrison's address was notably conciliatory in tone. He expressed confidence of election, but a belief that Statehood would have come before the time when he might take his seat in Congress.

The platform contains the usual references to the work and success of the party; deprecates the death of William McKinley; felicitates the country on the possession of a worthy successor to the Presidential chair; indorses the late and present territorial administration; favors Statehood; denounces loose incorporation laws; refers to Republican success in the endeavors to secure the irrigation of the arid lands; expresses sympathy for the well-being of the laborer; calls for the proper taxation of mines; and congratulates Mexico on the attainment of her ninety-second year of independence.

The gathering was notably enthusiastic, and the members warmly cheered all references to the national and territorial administrations. T. C. Job of Prescott presided. Among those called upon for addresses were Gov. Bradley, ex-Gov. Murphy and Chief Justice Kent.

PRESIDENT'S FRIENDS WIN IN ALABAMA.

INDORSED FOR RENOMINATION BY STATE CONVENTION.

(BY THE ASSOCIATED PRESS—A.M.)

BIRMINGHAM (Ala.) Sept. 17.—When the Republican State convention assembled today it was evident that there would be a fight on the plank of the platform indorsing President Roosevelt for re-nomination. This opposition is believed to have had its origin in the recent action of the President in removing William Vaughan, retiring Republican State chairman, from the office of District Attorney for Northern Alabama, for alleged neglect of duty. There was also a feeling of opposition to the clause in the platform condemning child labor in cotton mills.

As soon as Chairman Davidson called the convention to order, the platform and resolutions as reported by the committee were read, and when that part of it indorsing President Roosevelt for re-nomination in 1936 was reached, there were loud cries of "No, no."

The platform, as reported, reaffirms "the organization of labor for its legitimate protection," and the enactment of laws for the protection of the people, but is opposed to any drastic measures.

The platform then indorses the wisdom of the Dingley tariff law, and urges a continuance of that policy. The Republican legislation to build an interstate canal is approved, and the "bravery and heroism of our soldiers and sailors in the Philippines" are applauded and the attacks of the Democratic party on them are condemned. A high tribute is paid to the late President McKinley. The platform expresses confidence in the administration of President Roosevelt, and says:

"We express faith in his thoroughly American and patriotic ideas, and believe that his leadership established confidence both in the success of the Republican principles and the continued prosperity and progress of our country, and we therefore favor his re-nomination to the great office he fills with patriotism and ability."

After the reading of the platform, J. A. W. Smith of Birmingham offered a substitute, except that it omitted reference to an indorsement of the President for a re-nomination. The substitute was vigorously debated, and the convention was thrown into turmoil. Some of the speakers

LONDON, Sept. 17.—[By Atlantic Cable.] In a dispatch from Odessa, the correspondent of the Standard says the Russian Minister of Agriculture and State Domain, M. Yermoloff, has announced that he has now taken effective measures for the suppression of the systematic poaching operations of American and Japanese among the seal and other sea animals on the Northeastern coast of Siberia.

Although anxious to comply with the reiterated representations of Russia, the Washington and Tokio governments have failed to put an end to this illicit fishing in Russian waters. M. Yermoloff, continues the correspondent, now gives formal notice that American and Japanese poachers captured within the limits of Russia's maritime jurisdiction on the Siberian coast will be liable to three months' imprisonment, and their ships and cargoes to confiscation. This order will be enforced by three fast gunboats.

No discrimination will be made. The commanders and crews of poaching vessels will be subjected to the same punishment. In case of refusal to surrender or attempt to escape, the commanders of the Russian gunboats are empowered to fire upon and sink the sea pirates.

WYOMING FIRE.

Unless the Rain Falls or the Wind Dies Down There is No Chance of Extinction.

CHEYENNE (Wyo.) Sept. 17.—Word was received from the grand encampment district today that the fire situation is growing more alarming. The residents of Pearl, Colo., and Encampment fear that unless rain falls or the wind dies down the towns may be wiped out.

ENORMOUS LOSS. (BY THE ASSOCIATED PRESS—A.M.) PORTLAND (Or.) Sept. 17.—News from Tillamook today is to the effect that three townships have been burned over by forest fires along the Willamette River, destroying timber estimated to be worth \$1,500,000. Large bodies of timber lands in that section have been purchased by eastern capitalists during the past year.

HIS LAPSED POLICY.

BY ELLIOT WALKER. (Published under special arrangement with J. Edgar Hoover, U. S. Dept. of Justice.)

IT WAS very hot in the office and dull, very dull.

Lena swished at the files with the insurance company's fan. Every time her eye fell upon it she wondered at the casual view of a woman, in a dress of silk and satin, and three or four years of clicking service the fact that life was but a thread had been daily, one might say hourly, impressed upon her mind. It was everywhere—on the walls, on the letter heads, on the fan, even.

She could hardly think of a man without seeing him drop dead in the street or mangled under car wheels, with a serious view of a woman, in a dress of silk and satin, and three or four years of clicking service the fact that life was but a thread had been daily, one might say hourly, impressed upon her mind. Groggins Dickers With Los Angeles Club—Cresceus Fails on Trial.

BY DIRECT WIRE TO THE TIMES.

SAN FRANCISCO, Sept. 17.—(Exclusive Dispatch.) Nordyke's ambition to dethrone himself from the San Francisco club the first game with Los Angeles at Oakland today. In the ninth inning, with bases full, one run needed to win the score, two men out and three balls and one strike on him, Nordyke, who had been in the lead, suddenly changed his mind and let it be the score, but he saw victory was slipping from his grasp.

He took a crack at the pitcher, it was straight up in the air so far that it seemed as if it would be a home run, but when it did descend, Fred Raymer was camping on the spot, and the game was over, a regulation San Francisco finish, after the "rooters" had been great volumes of loud power.

Raymer, who had been in the lead, suddenly changed his mind and let it be the score, but he saw victory was slipping from his grasp.

He took a crack at the pitcher, it was straight up in the air so far that it seemed as if it would be a home run, but when it did descend, Fred Raymer was camping on the spot, and the game was over, a regulation San Francisco finish, after the "rooters" had been great volumes of loud power.

"YOUNG CORBETT" GOVERNOR. MAY COME TO CALIFORNIA. (BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, Sept. 17.—(Exclusive Dispatch.) The chances of the "Young Corbett" Terry McGovern being elected Governor of California are growing brighter every day. Great opposition has sprung up in Louisville, where place was decided upon after the doors of the McGovern house were closed on them, and San Francisco seems to be the only logical battleground.

Manager Groggins of the San Francisco club holds the October permit in this city, and is anxious to take the affair in charge, if it be found inadvisable to attempt to hold the thing in Kentucky. He has sent on liberal terms to both contestants, and has received a reply from "Young Corbett," but none as yet from the McGovern camp. McGovern is willing to come here, but has asked several concessions, which have been granted by the club.

It is thought that affairs will come to a focus in Louisville in a few days, and that the McGovern people are waiting for something definite there before negotiating elsewhere.

LORD DERBY AND THE MONK. GRAND SPECIAL RACE EXCITING. (BY THE ASSOCIATED PRESS—P.M.) NEW YORK, Sept. 17.—The racing was exciting at the Empire City track today. In the Grand Special between Lord Derby (2-05) and The Monk, with the same record, the former was the choice, at 100 to 50. The Monk had the race, and the Derby was a long way behind him.

LIPTON'S PLUCK. COMMENDED BY "GRAPHIC." (BY THE ASSOCIATED PRESS—A.M.) LONDON, Sept. 17.—The Daily Graphic, commenting this morning on Sir Thomas Lipton's forthcoming challenge for the America's cup, says:

"America's cup challenges and defiance may not be types of a class of yachts which it is desirable to encourage, but these international contests focus public attention, and thus stimulate interest in a wholesome sport to a degree attainable by no other means."

"Sir Thomas Lipton is to be commended for his enterprise and his pluck. He deserves success, and not even the present holders of the cup would grudge him its attainment."

IT DON'T GO NOW

The class of people whom the late P. T. Barnum was wont to remark about "wanted to be humbugged" are getting scarcer every year. The days of dress advertising for anything but dress are a thing of the past. The stores that are doing the business in all cities and towns today are the stores that are doing straight store business. We could hire a page or a half page in this paper, offer to make a suit of clothes to order for \$25, buy a lot of cheap woollens and trimmings, import a lot of cheap workmen and not only make lots of suits but make a good profit, but it would only produce mushroom business, that sort of business doesn't last. No first-class house in this country can make a good suit less than \$25. We make suits at \$25.

ORIENT. REBELLION IN CHINA HAS BEEN SUPPRESSED.

BOXERS ARE, HOWEVER, KEEPING UP THEIR ACTIVITY.

Mgus Murder Officials of Phre in North Siam—Japanese Papers Report the Capture of Two Sea Serpents, One Measuring Forty-eight Feet.

(BY THE ASSOCIATED PRESS—A.M.) VICTORIA (B. C.) Sept. 17.—A letter received from a thoroughly trustworthy Chinese correspondent at Nanning states that the rebellion is entirely at an end. Gen. Ma, one of the ablest Chinese officers in the south, was killed.

Though the rebellion, so-called, is at an end, a disquieting feature of the situation is that large quantities of opium are still imported constantly. The Chinese complain that they are smuggled over the Tonkin frontier.

The Boxers are still active in Chengte, and increasingly so. The local foreign officer reports the district to be in great disorder, several places having been attacked, several others burned down, and a number of Christians and others who resisted having been killed. The Foreign Bible Society has had one colporteur killed in that district, and there are rumors not yet confirmed, but believed to be reliable, that two others have suffered the same fate.

The latest news from North Siam says that trouble is brewing at Phre, where a Chinese named Ngus arrived without passport. The gendarmes demanded their passports, and they said that they had weapons, but no papers. A free fight then ensued, in which the gendarmes and their assistants suffered severely. The Ngus finally bolted.

The next day five hundred Ngus arrived and killed the Commissioner of Gendarmes, the Finance Commissioner and the wife, children, mother and father-in-law of the latter. The Siamese judges of Phre are said to have been murdered and cut in three places, and the town is now held by the Ngus.

CHENG TU FU MASSACRE. (BY THE ASSOCIATED PRESS—A.M.) PEKING, Sept. 17.—United States Minister Conger has presented to the Chinese government a letter from Dr. Conright, the American missionary of Cheng Tu Fu, describing the massacre of native Christians there in July. Dr. Conright says that eleven converts were killed by Boxers, and that the local officials refuse to take measures against the Boxers. The letter was written August 2. The missionaries were then guarded by troops, and were unable to leave the mission buildings except when escorted by soldiers. Dr. Conright's recent telegrams say the situation is worse.

The native papers declare the trouble to be the collection of excessive

ELOPING LOVERS LAND IN SAN DIEGO JAIL.

NAUGHTY RUBY BRATT AND HER SOLDIER ARRESTED.

Alleged Husband of the Woman Charged with Larceny and Then Tries to Avoid Prosecution—Bond Issue Approved.

SPECIAL CORRESPONDENCE OF THE TIMES. SAN DIEGO, Sept. 17.—The unholy love dream of Ruby Bratt and Edward J. Hill had a rude awakening today, when the eloping lovers were returned home and landed in jail, on a charge of larceny, with threatened complications of adultery and other crimes.

Ruby is but 18 years old, and has been living here as the wife of B. F. Bratt, telegraph operator at the local bucket shop. Hill is a young ex-soldier, having until recently been a private in Battery O. The pair was arrested at Santa Ana, while aboard the north-bound Santa Fe train. The complaint charging larceny was sworn to by Bratt, who later asked that the case be dropped, but the officers and court refused to dismiss the matter so easily.

There is much doubt as to whether the pair will suffer for their escapade. Bratt is anxious to avoid prosecution, and the relationship of the Bratts is very uncertain. The girl declares she was never married to Bratt, and that

the marriage certificate to that effect is bogus. She claims she was formerly the wife of Richard Velgh of Trinidad, Colo. Hill stoutly maintains that the girl represented to him that she was single and heart free.

When Ruby fled she left a flippant note addressed to Bratt, to be delivered three hours after her departure. In this she told Bratt she would "have to get along without him," for she had determined to go far away.

The girl and ex-soldier are well-known to the San Diego peace officers, and are characterized as "tough customers." Ruby came here six months ago from Colorado, and though young in years, is old in experience, at least matrimonially. She is more than ordinarily pretty, and well developed for a girl of her age.

SAN DIEGO BRIEVES. An important meeting was held this morning at the office of the City Engineer between the City Council, Committee on Streets and the Chamber of Commerce Committee on Public Improvements, relative to the proposed bond issue. The discussion was of the Engineer's plans for the improvement along the line of boulevard, sewers and water. It was thought that a bond issue of \$400,000 would be the proper thing.

U. S. Grant is to leave on Friday for a month's trip to New York. Mr. Grant is a member of the board of directors of the San Diego Eastern Railroad. While in the city he will put in some work for the Yuma railroad proposition. Mr. Grant is one of the heaviest property owners in the city and is naturally interested in the success of the enterprise.

THE PUBLIC SERVICE.

AT THE COURTHOUSE.
COLONEL TOM TESTIFIES IN THE WILL CASE.
MRS. LEWIS APPEARS IN COURT WORN AND WHITE.
Second Day's Proceedings in the Sensational Attempt to Set Aside the Last Will and Testament of the Late Col. Blanton Duncan.
Mrs. Lewis looked wan and haggard when she entered the courtroom yesterday, for the second day of the Duncan will case. She probably had little notion of the trying experiences she would have to go through to test the will of her father, the eccentric Kentuckian, Col. Blanton Duncan.
She looked as though she had passed a sleepless night. She was very pale and sat for long intervals abstractedly staring into vacancy. Then she would give a little shudder and a sigh, and turn to speak to one of the two women who sat with her.
But once, she put up her fan to cover her face, and her shoulders shook with laughter.
It was when her husband, Thomas A. Lewis, took the witness stand.
It was Mr. Lewis's first appearance in the case. He has been significantly absent during his wife's lawsuit. They showed no sign of recognition of each other in the courtroom, and on the witness stand Mr. Lewis stated that they are not living together.
Lewis kept the courtroom in giggles. He said he had known Col. Duncan for thirty years, and had considered him insane.
"Did you know of his hostility to his daughter, Mrs. Lewis?" he asked.
"Well," said Lewis, candidly, "I did when she married me. The colonel was always very much opposed to that."
Lewis got to telling of Col. Duncan's peculiarities. Mrs. Lewis's lawyer suggested that he speak of an oyster restaurant the old Kentuckian established on Main street, to give the people cheap food.
"Well," said Col. Tom sadly, "that John would be a pretty hard place to describe. The first thing you smelled when you got on the same block was gasoline. I don't know what he did with the gasoline."
"The colonel had a lot of poker chips in there on a table. If you wanted a steak, you drew a white chip; if you wanted a fry, you drew a blue. I forgot what a red chip got; it was a la mormande, I think something. If you wanted more, you had to climb down from your stool and get another chip."
The next thing Col. Tom talked about was Blanton Duncan's political connections in Kentucky.
"The colonel," he said, "would get him all drunk in a beautiful way. He would get him a suit of clothes and talk to the laboring man from a two-horse carriage. He used to shoot a cannon to start the meetings. The mayor got out an ordinance forbidding the shooting of the cannon, so he got some kind of a soap bubble that made more noise than the cannon."
DUNCAN'S "PAPER."
Next, they asked Lewis about Col. Duncan's journalistic career.
"Did he ever publish a paper?" they asked him.
"Yes, he had a paper called the People Union. He got out a number every time he read the Times for a while. He usually had a suit against the Times, so he sort of kept things mobilized."
"Oh, I don't know," said Lewis, laughing. "I never read it. I was too busy reading the Times."
He told much about Col. Duncan's personal peculiarities—how he used to go into the Lewis kitchen and insist upon doing the cooking. He wanted to put his wife on a diet of hard little round beans and cheese. He told Lewis he didn't see how any one could live in the same house with his own daughter, Mrs. Lewis.
He told Lewis how his path was literally strewn with victims of his evil eye. One of these, he said, was Senator White, and he thought the time of Judge Ross was likely to come at any time.
HARD QUESTION.
When it came to cross-examination, the first question was one to hit the witness between the eyes.
"Are you at present living with Mrs. Lewis?" he was asked.
"How? What's that?" ejaculated the witness.
"Are you living with Mrs. Lewis at the present time?"
"I am not," he replied.
"I mean he did not show his wife the door, did he?"
"Such as you show your wife?" suggested the lawyer.
"Lewis stared angrily at the lawyer. "I am not on trial here, sir," he said. Mrs. Lewis's lawyers rushed to his assistance.
"That was entirely gratuitous," thundered Judge Carpenter.
"And insulting," added Lewis.
Mrs. Lewis was asked after this, and straightaway left the courtroom.
DOCTORS AND LAWYERS.
One of the witnesses called to testify as to Duncan's sanity was Dr. Hitchcock. He had a sharp tilt, Mr. Borden, one of the opposing counsel.
He told how Duncan had an idea he had a profound knowledge of medicine, and insisted on helping prescribe for his wife when she was ill.
"Are there not many sane persons who have an idea they understand medicine?" asked Borden.
"Yes, and law," said the doctor tartly.
"Perhaps that applies to you," said Borden to the lawyers for the other side.
"I think it likely in view of my association," reported Judge Carpenter, meaning to be cutting.
"Isn't that rather hard on you, Lawyer," said Borden, to the young attorney sitting at Carpenter's right.
"Oh, no, no," protested Judge Carpenter in confusion. And Lewis only blushed.
Various other physicians, including Dr. William Lewis, a brother of Thomas Lewis, recited the well-known freak ideas of Col. Duncan in regard to tidal waves, the end of the world, his own power of prophecy by reading between the lines of the Bible, and a lot of other foolish notions. They all came to the conclusion that he was insane.
Frank P. Flint, formerly United States District Attorney, stated his belief to be that Col. Duncan was a little better than an idiot for some time before his death.
Mrs. Lewis's case is practically at an end, and the other side will begin today.

And there found Brown's companion, just going to bed. He could not shed any light on the missing man's whereabouts, but said he thought that Brown was down in the cabin with the ladies.

The vessel was put about, and for half an hour was slowly retracing its course, with all eyes unavailingly watching the quiet water. Nothing was to be seen, and not even the faintest ripple indicated the last struggle.

The story of Capt. Green is practically the same, and is to the effect that when Brown had left his companions he retired to his stateroom, and shortly came on deck again, complaining of feeling ill. The mate advised him to go below and try sleep as a restorative, but got no answer.

A few minutes later the mate noticed that Brown had disappeared, and instituted the search. Capt. Green hinted the drowning entirely accidental, and that the man lost his balance while leaning against the rail. No motive could be assigned for suicide. The Del Norte was about fifty miles off San Pedro when the incident occurred.

Brown was an extremely affable young fellow," said Mr. Sharpnack, "and seemed very popular with the passengers, especially with the ladies. The first day out I noticed that he made friends with another young man, unknown to me, and together they passed the time very pleasantly all day."

"Brown was a quiet, well-bred young man, and did not make any special commotion about the ship until Monday evening, when he and his new friend found time hanging heavily enough upon their hands to require something in the stimulant line. Once started, they made frequent calls upon the steward, and were filled up the time darkness had closed over the ship."

"About 10 o'clock the pair went down to the steward, who had retired, and they were both very much surprised to get them a couple of cocktails. The mixologist demurred, and they made such a fuss that the mate came along and threatened to put them in irons if they did not cease their disturbances. Then all was quiet."

"Nothing occurred for some minutes, and the incident was almost forgotten, when a peculiar noise attracted the attention of those who were still on deck. A search was immediately made to ascertain the cause, and Brown's hat was found on the lower deck, wedged in the low rail work of the guards. The next morning a piece of the guard rail on the upper deck was found broken off, as if it were a hat had fallen violently against it. Circumstances indicated that at least one of the pair had been overboard. A search of the ship was made, but the bodies were not found, and the 'steamer' was quietly rolling in the swell, which was running."

LOCAL SPORTING RECORD.

HIGH SCORE IN BOWLING.

Johnny Menard Breaks Coast Record.

Rolls Best Game in Competition.

Marble Palace Team Defeats Brunswick's—Yacht Race on Sunday.

Johnny Menard, a well-known young local bowler and a member of the "All-Star" trio, broke the Coast record in competition last night at the Coliseum alleys by making the remarkable score of 287.

This high roll came in a five-game match for total pins in which the All Stars, Higgins, Parlier and Menard bowled against the Hoegge-Deaton, Gailorath, Manley and Sanders.

The first match between these teams took place several weeks ago on the Coliseum alleys and the Hoegges won. Last night the return match was bowled and the All Stars were victorious. Owing to the rivalry between the teams, a large crowd of the friends of the boys gathered to watch them bowl, and during the third game they saw the record-breaking score.

Menard started out in good shape and in his first game made 187. The next was 192. On the third he began with a strike and followed with another. Another came and another, and by the time the fifth had been made, the crowd commenced to cheer. Others came in rotation, each accompanied by a demonstration, and when the tenth had been made, the applause was enthusiastic. He needed but another to make the coveted 300, and the two hundred people watching the young man stopped breathing almost to watch him try for it.

The excitement, however, was too much for him, and as the ball left his hand it slipped and a chorus of "Ohs" and "Ahs" went up from the spectators, for they saw it was a bad ball that had gone off the course. It knocked down but seven pins and the three remaining were made with the second ball, for a total of 287.

This is the best score ever bowled on the Coast in competition, the record heretofore having been 277, made in San Francisco. Ed Clark made 279 here sometime ago, but he was bowling in an open game and not in a competition match.

Menard's big score was instrumental in winning the match for his team, for it took the heart out of the opposing players and they bowed apparently without hope after that and lost by the total score of 2613 to 2480.

In detail the scores were as follows:

ALL-STAR. 1 2 3 4 5 Av. Higgins.....187 184 158 129 118 154.2 Parlier.....192 187 142 137 115 155.4

HOEGGE-DEATON. 1 2 3 4 5 Av. Gailorath.....154 148 137 98 139 135.4 Manley.....152 147 135 102 137 135.2 Sanders.....151 145 134 101 137 135.2

Total pins, 287; high roll, Menard, 287; high average, Menard, 187.4; game average, 261.3.

BRUNSWICKS. 1 2 3 4 5 Av. Gilbreath.....154 148 137 98 139 135.4 Manley.....152 147 135 102 137 135.2 Sanders.....151 145 134 101 137 135.2

Total pins, 280; high roll, Gilbreath, 230; high average, Sanders, 147; game average, 261.3.

BRUNSWICKS' LOSS. The Brunswick and the Marble Palace teams bowled a close match last night at the Marble Palace alleys on North Main street, and the Brunswicks lost two of the three games, although they won by eight pins on the first game.

Several members of the Brunswicks were in bad shape on account of sore fingers, and could not put up their usual game. George Griffin, substituted and did fine work. The scores were as follows:

BRUNSWICKS. 1 2 3 4 5 Av. Wilson.....155 150 137 130 130 140.4 Fowler.....144 141 134 124 124 134.4

GRAND. 1 2 3 4 5 Av. Griffith.....152 148 137 98 139 135.4 Pearson.....150 146 135 101 137 134.6

Total pins, 230; high roll, Fowler, 222; high average, Griffith, 151.3; game average, 261.3.

MARBLE PALACE. 1 2 3 4 5 Av. Rafael.....150 140 134 124 124 134.4 Griffith.....152 148 137 98 139 135.4

Total pins, 230; high roll, Fowler, 222; high average, Griffith, 151.3; game average, 261.3.

YACHTING. LAST RACE SUNDAY. If present plans are carried out the summer races of the South Coast Yacht Club will come to a close next Sunday when the final regatta of the series will be pulled off. The course covered will be about forty-two miles. Beginning at the end of the trestle of the aqueduct breakwater, off San Pedro, the race will sail in a direct line to the lathmus, Catalina Island, then return to San Pedro. As this will be the longest race ever attempted by the South Coast Club it is proposed that the boats make the trip over Saturday afternoon and return Sunday, instead of confining the time to one day. It is thought by so doing that the smaller craft of the fleet will have more of an opportunity to show themselves; besides the journey will not be quite so tedious for the other participants.

BEAUTIFUL SKIN. Soft White Hands and Luxuriant Hair Produced by CUTICURA SOAP.

Millions of women use Cuticura Soap, assisted by Cuticura Ointment, the great skin cure, for preserving, purifying, and beautifying the skin, for cleansing the scalp of cruds, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itching, and chafing, in the form of baths for soothing irritations and inflammations, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and many antiseptic purposes which readily suggest themselves, and for all the purposes of the toilet, bath, and nursery.

No amount of perspiration can induce those who have once used these great skin purifiers and beautifiers to use any others.

Cuticura Soap combines delicate emollient properties derived from Cuticura, the great skin cure, with the purest of cleansing ingredients, and the most refreshing of flower odors. No other medicated soap ever compounded is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in one soap at one price, the best skin and complexion soap and the best toilet and baby soap in the world.
